

TEMPORARY LODGING EXPENSE (TLE) COMPUTATION WORKSHEET

(Effective 1 October 2004)

INSTRUCTIONS: TLE is provided to partially offset lodging and meal expenses when a Public Health Service Commissioned Corps officer and/or dependents need to occupy temporary lodging in CONUS (Continental United States) in connection with a Permanent Change of Station move. The actual amount will vary by location, but the maximum amount is \$180 per day for the number of days allowed. Use this worksheet to compute TLE.

OFFICER'S NAME	PHS SERIAL NUMBER	TLE DATES
----------------	-------------------	-----------

1. Configure the Applicable Percentage used for Ceiling Rates (may be greater than 100%)

(Officer) Alone or (One Dependent) Alone 65% #: _____	<div style="border: 1px solid black; width: 40px; height: 40px; display: flex; align-items: center; justify-content: center;"> % </div>	Applicable Percentage Amount (A)
(Office + 1 Dependent), or (2 Dependents) 100% #: _____		
Each Additional Dependent 12 and over, add 35% #: _____		
Each Additional Dependent under 12, add 25% #: _____		

2. Determine Applicable Per Diem Location

CITY	STATE
------	-------

3. Determine Daily Meals and Incidental Expenses (M&IE) Ceiling Rate Per Location

a) Determine Local Daily M&IE -- go to http://www.dtic.mil/perdiem/	\$ _____ (B)
b) Determine Local Daily M&IE Ceiling Rate = (A) x (B)	\$ _____ (C)

4. Determine Daily Local Lodging Ceiling Rate Per Location

a) Determine Daily Local Lodging Rate -- go to http://www.dtic.mil/perdiem/	\$ _____ (D)
b) Determine Daily Local Lodging Ceiling Rate = (A) x (D)	\$ _____ (E)

NOTE: For member-married-to-member couple, each spouse begins with 65%. Each dependent then increases the percentage for the member claiming that dependent.

5. Determine Average Daily Lodging Cost (ACTUAL Monies Spent on Lodging)

\$ _____ (F1)	/	_____ (F2)	=	\$ _____ (F3)
<small>(Total lodging cost -- includes taxes)</small>	<small>Divided by</small>	<small>(Number of days TLE claimed -- max 10 days)</small>		

6. Compare Lodging Costs

a) Enter Daily Local Lodging Ceiling Rate from Step #4 found in (E)	\$ _____ (E)
b) Enter Average Daily Lodging Cost from Step #5 found in (F3)	\$ _____ (F3)
c) Enter the lower amount of (E) or (F3) into (G)	\$ _____ (G)

7. Determine Gross Daily Equivalency

Add Local Daily M&IE Ceiling Rate to Lowest Daily Lodging Cost (C) + (G)	\$ _____ (H)
--	--------------

8. Determine Applicable Daily Rate

Compare \$180.00 (maximum authorized by Joint Federal Travel Regulations) with amount in (H) and enter lower of two amounts into (I)	\$ _____ (I)
---	--------------

9. Amount to be Paid

_____ # of days (F2) x \$ _____ (I) = \$ _____ (J)
--
