

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

APR 14 2004

Assistant Secretary for Health  
Office of Public Health and Science  
Washington D.C. 20201

TO: Heads of Operating Divisions  
Heads of Staff Divisions  
All PHS Commissioned Corps Officers

FROM: Acting Assistant Secretary for Health

SUBJECT: Commissioned Corps Force Management and Operations - INFORMATION

Effective Sunday, April 18, 2004, the Office of Commissioned Corps Operations (OCCO), reporting to the Surgeon General, and the Office of Commissioned Corps Force Management (OCCFM), reporting directly to me, will become operational. Simultaneously, the current Division of Commissioned Personnel (DCP), which now reports to me, will be disestablished.

The functional statements for both OCCO and OCCFM were published in the Federal Register on December 18, 2003 (FR 68:243, p.70507 ff). To implement this reorganization, commissioned officers and civilian personnel working in the current structure are being reassigned to the new structure. A list of personnel assigned in the new structure, their positions, and their telephone numbers is attached.

Several weeks ago, I announced that CAPT Denise Canton will serve as Acting OCCO Director until a permanent director is selected. She will be supported in this role by CAPT Gloria Ames, who will be Acting Director of the Division of Commissioned Corps Recruitment and Acting Director of the Division of Commissioned Corps Assignments. CAPT Greg Stevens, who is permanent Director of the Division of Commissioned Corps Support will also be Acting Director of the Division of Commissioned Corps Training and Career Development. As previously announced, OCCFM is headed by CAPT Lawrence Furman, who reports directly to me.

Applications for announced Division Director positions in OCCFM and OCCO will be accepted through April 21. Vacancies for both OCCO and OCCFM will continue to be announced over the coming weeks. All positions are expected to be filled by June 30.

Over the last several months, much has been expected of all of the staff of the Division of Commissioned Personnel, as well as the Office of Commissioned Corps Support Services and the Commissioned Corps Systems Branch in the Program Support Center, who are maintaining medical benefits, compensation and information systems. They have all performed with distinction. I want to express our appreciation for their dedication and hard work during this transition period.

*Cristina V. Beato M.D.*
