# 22-HOWTO-Resolve Failed Appropriate Nesting

This document file provides step-by-step instructions to Resolve Failed Appropriate Nesting issues in Adobe Acrobat Pro XI. Please see the attached file for an exercise if needed.

Note: the information in these files has been altered and/or deleted from the original file to illustrate key learning concepts. Please let me know if anything is not working.
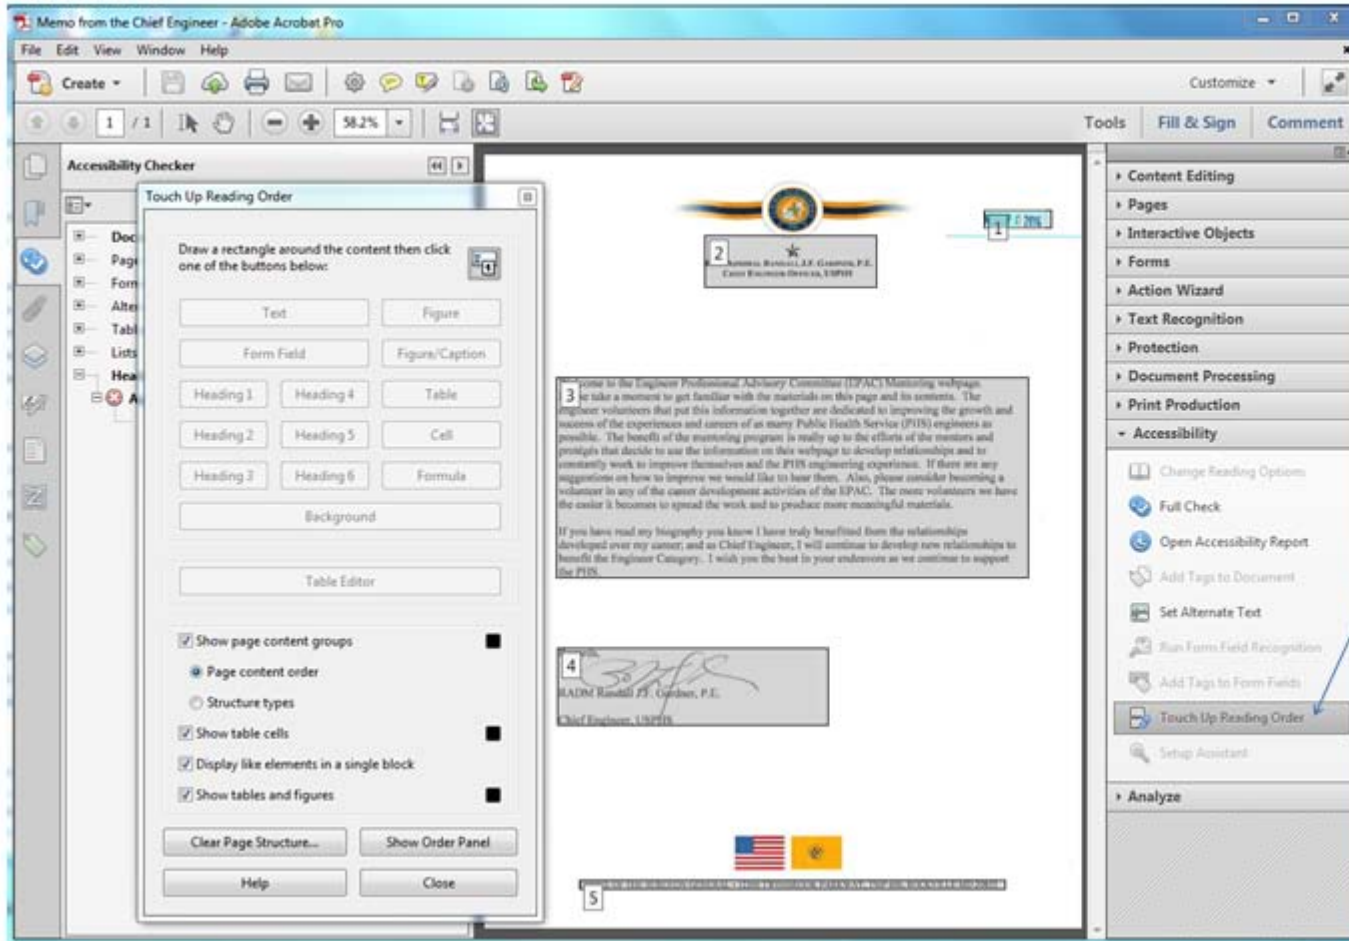

Screen shot 1

1. Run the full accessibility test.

2. Review the accessibility report.

3. Click on *Element 1* to locate the error in the pdf.

Failed item is highlighted.
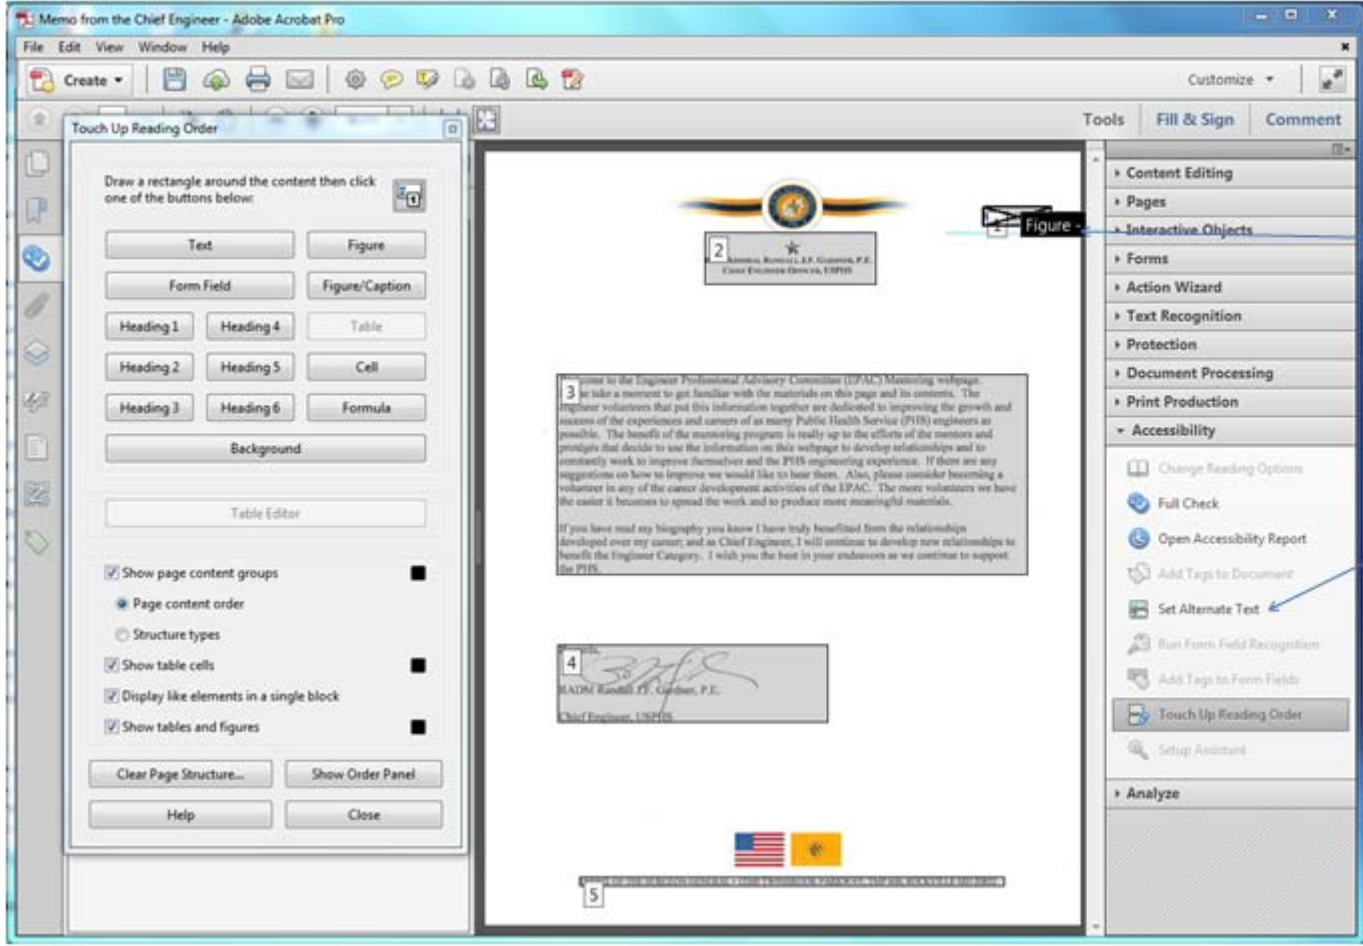

Screen shot 2

Screen shot 3

Click on to the item which has failed.
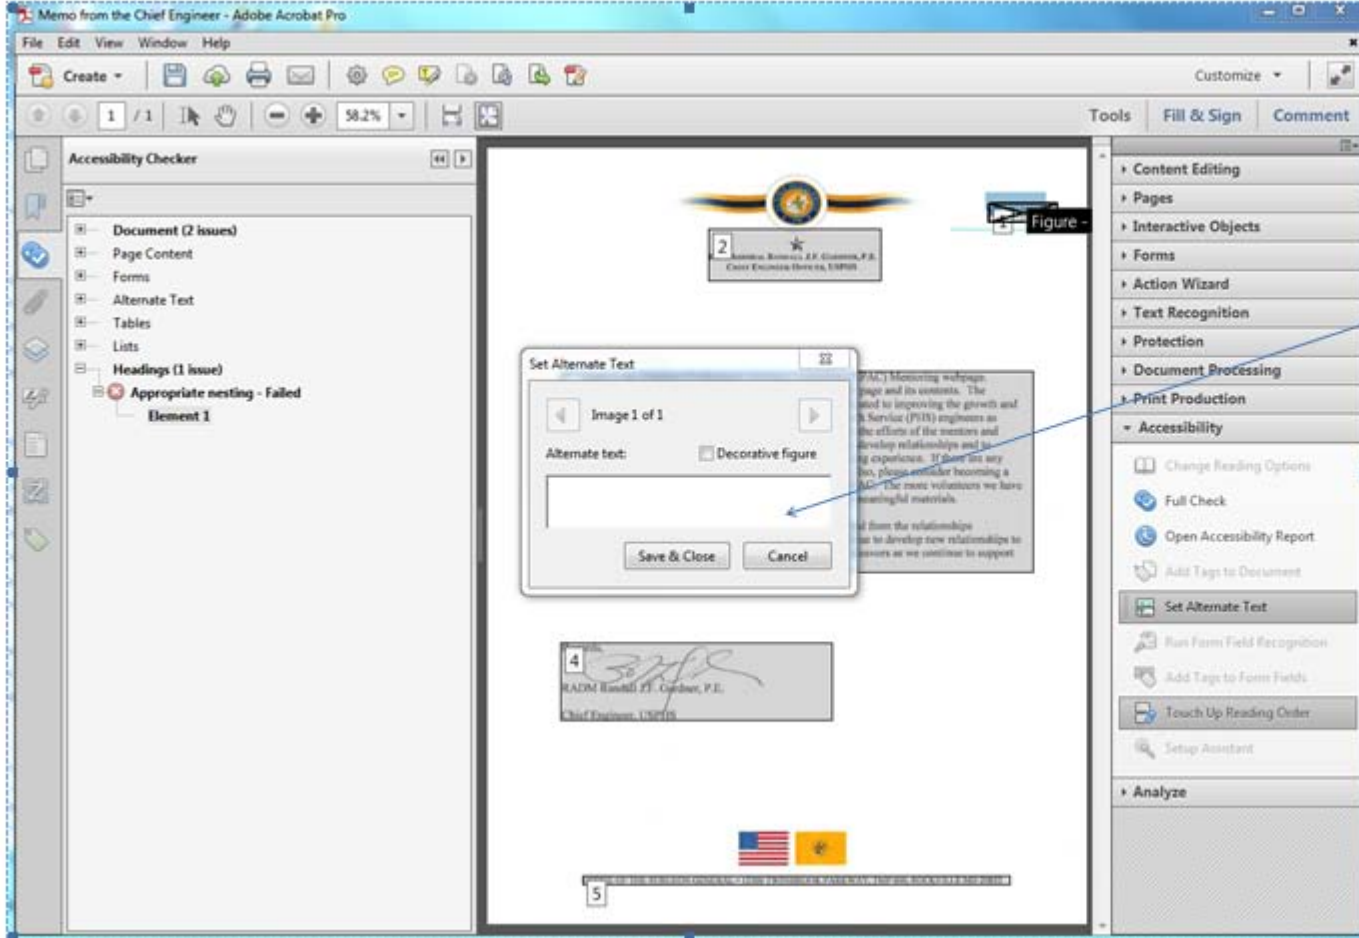

Change the tag from *Table* to *Figure*.

Screen shot 4

Note the new tag for the item.

Click *Set Alternate Text* to add description to the figure.

Screen shot 5

Type in the figure description.

Screen shot 6

Re-run the full accessibility check. Appropriate nesting passed.
