

SOCIETY OF AMERICAN MILITARY ENGINEERS HOLLIS MEDAL

PURPOSE: The Society of American Military Engineers (SAME) Hollis Medal recognizes a senior level Commissioned Officer of the US Public Health Service (PHS) or civilian employee of equivalent grade that are within a U.S. Department of Health and Human Service Operating Division (HHS OPDIV) of the Public Health Service who have demonstrated outstanding contributions to public health engineering and science in consonance with the SAME mission, vision and values. This award is named for RADM Mark D. Hollis of the U.S. Public Health Service who held the post of Chief Engineer from 1948-1962. It was first awarded in the year 2000. Nomination for the SAME Hollis Medal is an excellent way to recognize the exemplary work of PHS Senior Engineers and Architects or equivalent grade Civil Service Engineers and Architects.

ELIGIBILITY: All active duty, inactive or retired PHS Engineer Officers (rank of O-4 (Lieutenant Commander) or above) and active or retired Department of Health and Human Service (HHS) Civil Service Engineers or Architects (GS-11 or above and defined as senior level by the Agency) are eligible to receive the Hollis Medal. Nominees must be in good standing with their assigned agencies, with no current or pending adverse actions on file or under investigation. PHS Officers must also be eligible for awards as determined by the Office of the Surgeon General. Individuals are only eligible to receive the Hollis Medal once. In addition, the awardee is ineligible for other individual Chief Engineer or SAME awards for the next full year awards cycle after receipt of the Hollis Medal. (i.e. A nominee that receives the Hollis Medal solicited in the 2022 Fall Awards Cycle is next eligible for Individual SAME or Chief Engineer Awards during or after the 2024 Spring Awards Cycle). Group or unit awards, such as the SAME Cumming Plaque (Award) or Engineering Literary (ELIT) Awards do not impact Hollis Medal eligibility, nor vice versa. There is no limit to the number of nominations from one agency. The Fall Awards Cycle includes all SAME Awards, the Engineer of the Year (EOY), Engineer Responder of the Year (EROY) and RADM Michael Awards. The Spring Awards Cycle includes Lynch, Burgess, Villforth and ELIT Awards.

FORM OF AWARD: The Hollis Medal winner shall be awarded a medal which will be supplied by SAME and presented in person at the SAME Joint Engineer and Training Conference (JETC) (or equivalent) at the sole discretion of SAME. The Chief Engineer will present an award certificate and/or letter to the awardee, bearing the signature of the Chief Engineer, acknowledging award of the Hollis Medal.

SUBMISSION DEADLINE: November 1st at 11:59 p.m. EST

TIMELINE REQUIREMENTS: Only nominee activities completed within the last 36 months of the submission deadline should be highlighted in the award write up. Activities that occurred over 36 months ago will not be considered.
