Officer's Statement

Officer Statement

From: LT Iamanu Officer

SUBJECT: Officer Statement for Assimilation Application

Provide one or two short paragraphs that elaborate on how you see the relevant aspects of your career. You may add a couple of items of interest about you, specifically things that make you a unique officer. There is no real format for this except; there must be a statement by you regarding your commitment to the Commissioned Corps.

In the final paragraph you should include your request for appointment to the Regular Corps. Some people add a few lines regarding their understanding of what this means. It is not necessary to include the following statement: (I qualify for such consideration in accordance with the requirements stated in the Commissioned Corps Personnel Manual INSTRUCTION 4, Subchapter CC23.3, by virtue of the training shown on my 2004 Assimilation Application). Please do not regurgitate this statement!

Similar to an Officer's Statement provided during promotions, the idea of this statement is to give the board members a little peek into you, the officer.

Assimilation: Scenario I

- What qualifies an officer for the assimilation “Lower Board”, and does it matter?
- Candidates applied with less than 3.5 years continuous active duty in current CC tour or
- Is permanent grade O-3 and below
- Historically 90% of total selectees come from this group.
[NOTE: The percentages for this have changed, so this is here for historical reference only.]

Assimilation: Scenario II

What qualifies an officer for the assimilation “Higher Board”, and does it matter?

- Candidates applied after 3.5 years active duty in current CC tour; and
- Is permanent grade O-4 and above
- **Historically 10%** of total selectees come from this group. .
[NOTE: The percentages for this have changed, so it is here for historical reference only.]

Assimilation: Scenario III

Should a T-Grade O-6 officer apply, or continue applying, for assimilation?

- Historically, this has been recommended mainly for officers desiring to be a Chief Professional Officer (CPO)
- For officers striving for “flag” grade
- For eligibility for career beyond 30 years*.

*With agency/CC Retirement Board approval and needs of the service.

Assimilation: Scenario IV

Upon a return to Active Duty in the Corps, does a previously assimilated (Regular Corps) officer need to wait until “2 years on current CC tour” before re-applying for assimilation?

- No. An officer in this situation may submit a new application packet without “minimum” time if they do so within the first two years on the new tour.
- See Slide # 8 (The Process—“Package”).

Assimilation: Scenario V

An officer who has more than 2 years prior active duty military service, does that officer get a “pass” on the “minimum 2 years” requirement as far as being able to immediately apply for assimilation?

- No. The Corps’ assimilation guidance states that an officer must have “a minimum of two years of continuous active duty in the current tour of duty” to be eligible to apply for assimilation.
