Multidisciplinary in Approach, Connected by Service, Advancing Public Health

Taking Charge of Your Career

Your Career Journey

Everyone's path is different, but it's important to have a vision for what you want your career to look like. Keep in mind when you plan to retire, what your goals and milestones are, and where you want to be in the future.

HSPAC Professional Core Competencies Program

A detailed program to help you create a customized career development plan. The program includes:

- Professional core competency toolkit
- Career development plan template
- Skills inventory guide
- Milestones for building executive skills

Visit the [HSPAC Professional Core Competencies Program](#) to get started on your career development plan.

USPHS Career Pathways

These career pathways can help you plan your career and find the opportunities that match your passions, interests, and goals. Each career pathway has tracks that outline different career options and ideas for training and development. Pathways include:

- National security
- Applied public health
- Clinical care
- Health strategy and innovation

Learn more about the [USPHS Career Pathways](#) and find a pathway that's right for you.

Developed by the [HSPAC P2P Mentoring Program](#) in partnership with [HSPAC Career Development Subcommittee](#).
