NCPS NEWS

COMING SOON to the NCPS webpage is the application for inpatient pharmacists. If you are an inpatient pharmacist and are interested in applying for NCPS certification reach out to your area representative for the application form.

Sample Patient Encounter Log

Since our transition to a more comprehensive care model, the NCPS Committee has received many questions about the Patient Encounter Log. Here is a sample patient encounter log for your reference. Each practice is different and this log should reflect the vast scope of practice that we are involved in as we innovatively lead pharmacists across the nation.

Encounter	Date	Diagnosis addressed at this encounter
1	x/x/xx	DM2, immunizations, hypothyroidism
2	x/x/xx	DM2, immunizations, CVD, tobacco cessation
3	x/x/xx	Anticoagulation, CVD, immunizations, HTN
4	x/xx/xx	DM2, HTN, immunizations
5	x/xx/xx	DM2, immunizations, CAD, CKD
6	x/xx/xx	Tobacco cessation, DM2, asthma, immunizations

Note: All patient encounters must be within 12 months of applicant submission date. Each encounter must include at least two diagnoses, or one diagnosis and one preventative health intervention.
