

Annual Outcome reporting for National Clinical Pharmacy Specialist (NCPS) for Tobacco Cessation Collaborative Practice Agreements

Outcomes must be reported to the NCPS Committee annually.
Please send all outcomes to CDR John Collins at john.collins@ihs.gov.

Tobacco Cessation Clinic Outcomes Report

Agency	
Clinic Site	
Clinic Manager	
Clinic Manager Email	
Reported Fiscal Year*	

*Fiscal year shall include all data from Oct-Sept

Tobacco Cessation Clinic Demographics

Number of Patients	
Number of Patient Encounters	
Number of Providers	

Tobacco Cessation Clinical Outcomes

	Tobacco Cessation Success at 6 months	Results
Numerator	Number of persons who were not using tobacco 6 months* after their quit date (point prevalence measure, no tobacco use 7 days prior to assessment)	
Denominator	Total number of persons enrolled in the tobacco cessation clinic during the review period with a quit date 6 months* prior to outcomes collection.	
Measure	Percentage of persons who are tobacco free 6 months after their quit date	

*Measurement at 6 months after quit date +/- 1 month

Guidance:

1. Data for the entire 12 months of the most recently completed fiscal year
2. Point prevalence: any tobacco use 7 days prior to assessment
3. Intent to treat: include all enrolled persons regardless if they “finished”
