a. Extended Active Duty. A favorably adjudicated Access National Agency Check and Inquiries (ANACI) investigation with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance is required for appointment and/or continued service on extended active duty as an officer in the Regular or Reserve Corps. A National Agency Check with Law and Credit (NACLC) with an additional State criminal history child care check (CNACI) reinvestigation will be completed every 10 years from the date of last investigation.

b. Junior COSTEP. A favorably adjudicated National Agency Check and Inquiries (NACI) investigation with an additional State criminal history child care check (CNACI) is required for appointment and/or continued service as a Junior COSTEP.

c. Senior COSTEP. A favorably adjudicated ANACI investigation with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance is required for appointment and/or continued service as a Senior COSTEP.

d. Inactive Reserve Corps (IRC). A favorably adjudicated ANACI with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance is required for direct appointment to the IRC. Officers recalled to duty for a short or intermittent tour of duty must have a favorably adjudicated ANACI or NACLC investigation with an additional State criminal history child care check (CNACI) within the last 10 years and a Special Agency Check (SAC) consisting of a fingerprint file check within the last year.

6-2. Appointment Standard. All candidates being appointed in the Corps must fully complete and submit all required investigative documents prior to being appointed to the Corps and obtain a favorably adjudicated investigation to be retained on active duty. Under no circumstances will an officer be retained beyond his/her probationary period without a favorably adjudicated ANACI investigation with an additional State criminal history child care check (CNACI). Candidates may be commissioned prior to obtaining a favorably adjudicated ANACI with an additional State criminal history child care check (CNACI) if the candidate:

a. Is given an interim NACI approval by the Director, Office of Commissioned Corps Operations (OCCO), based on information provided in the required investigative documentation; and

b. Submits written acknowledgement to the Director, OCCO, that the candidate’s commission will be immediately terminated if the investigation is deemed unsatisfactory.

6-3. Extended Active Duty and Senior COSTEP. All Regular and Reserve Corps officers are required to have a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI) on file with OCCO. In addition:

a. Reserve Corps Probationary Period. Reserve Corps officers in their probationary period who do not obtain a favorably adjudicated ANACI with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance within the probationary period and/or fail to maintain a favorably
adjudicated ANACI with an additional State criminal history child care check (CNACI) in their probationary period, will have their commissions terminated by the Director, OCCO, under the authority of the ASH.

b. Less than 20 Years Retirement Credit. Regular or Reserve Corps officers with less than 20 years retirement credit who do not obtain a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance by 1 September 2008 and/or fail to maintain a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI), may be reassigned or have their case reviewed by an Involuntary Termination Board (ITB) in accordance with CC43.7.1.

(1) For Reserve Corps officers other than for cases involving disloyalty or subversion, the Surgeon General (SG) will render a final decision regarding reassignment or termination when deemed necessary or advisable in the interest of national security.

(2) For Regular Corps officers and Reserve Corps officers in cases involving disloyalty or subversion, the ASH, in consultation with the SG, shall refer the case with a recommendation regarding reassignment or termination to the Secretary for a final decision. When necessary or advisable in the interest of national security, the Secretary may reassign or terminate an officer's Regular Corps or Reserve Corps commission.

c. 20 Years or More Retirement Credit. Regular or Reserve Corps officers with at least 20 years retirement credit and who are unable to obtain a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance by 1 September 2008, and/or fail to maintain a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI) may be referred to an involuntary retirement board pursuant to CC23.8.4. The SG shall make the final decision with regard to whether an officer will be retained on active duty, reassigned, or involuntarily retired when deemed necessary or advisable in the interest of national security.

6-4. IRC and Junior COSTEP. Officers who do not obtain a favorable investigation will have their commissions terminated by the Director, OCCO, under the authority of the ASH.

6-5. Assimilation. Officers are required to have a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI) and eligibility for a Secret security clearance to assimilate in the Regular Corps starting with the 2008 assimilation cycle.

6-6. Inter-service Transfers. Officers seeking an inter-service transfer to the Corps must meet the background investigation requirement set forth in this Instruction. Officers must fully complete and submit all required documents prior to being appointed into the Corps as inter-service transfer.

6-7. Retention on Active Duty. Pursuant to Section 6-3, under extraordinary circumstances, an officer on extended active duty may be continued on active duty by the SG, ASH, and/or Secretary if the officer fails to obtain a favorably adjudicated ANACI or NACLC with an additional State criminal history child care check (CNACI). In these unique circumstances, the officer must obtain a favorably adjudicated NACI investigation with an additional State criminal history child care check (CNACI) and be assigned to a billet that does not require eligibility for a Secret clearance. Such officers with less than 20 years
retirement credit will be reevaluated at 20 years of service to determine if continued retention on extended active duty is warranted.

Note. Extraordinary circumstances are those circumstances in which the officer possesses unique or special skills which do not otherwise exist within the Department of Health and Human Services (HHS), and the Secretary, ASH, or SG determine that the officer’s continued service on extended active duty is required to meet the mission of HHS and the Corps.

7. RESPONSIBILITIES:

7-1. Surgeon General. The SG is responsible for the day-to-day management of the Corps. The Director, OCCO, advises the SG on the day-to-day management of the Corps, manages the systems requirement for the appointment and retention of officers, and implements the policies of the ASH involving Corps operations (68 FR 70507 dated 18 December 2003). The Director, OCCO, will grant interim NACI approval as appropriate and administer the background investigation program.

8-2. Regular and Reserve Corps officers. The Director, OCCO, shall issue a POM setting forth the required paperwork and background investigation requirement procedures for ensuring that officers serving on extended active duty meet the active duty investigative requirement.

9. HISTORICAL NOTES: This is the first Instruction on the background investigation requirement within the eCCIS.
