a. Training Responses. The SG may authorize the use of Corps officers for responses that provide public health services to underserved and vulnerable populations for the purpose of maintaining an officer’s preparedness to respond to an urgent or emergency public health care need that is declared by the President or HHS Secretary. An example of such a response is a Remote Area Medical mission. These responses for Corps officers will be led and coordinated by CCHQ.

b. Intra-Agency Responses.

(1) An Intra-Agency response is a response that is within the boundaries of the mission of, and managed directly by, an HHS OPDIV/STAFFDIV/non-HHS organization.

(3) Although such responses are not managed or coordinated by CCHQ, an officer’s participation in an interagency response may be included in his/her personnel record. The Corps liaison for the OPDIV/STAFFDIV/non-HHS organization will track the response. The Director, CCHQ, or his/her designee, will establish the requirements and process for submitting this information to CCHQ.

(4) Intra-Agency responses do not require orders or coordination by CCHQ.

c. The SG may authorize responses under this Section to be deemed as qualified deployments for the purposes of the service awards and Field Medical Readiness Badge (FMRB). (see CCI 511.01, “Awards Program”)

6-3. Deployment Coordination (Emergency Responses).

a. The SG (or his/her designee) will assign each officer to either a rapid deployment unit or to an augmentation group. The rapid deployment units and augmentation groups will be available for deployment on an established “on call” schedule. The
b. The SG (or his/her designee) will issue orders for officers deployed by CCHQ.

c. Prior to the officers’ on call period, CCHQ will coordinate with Corps liaisons to ensure the availability of officers assigned to the respective OPDIVs/STAFFDIVs and non-HHS organizations. Adjustments to the officer’s expected availability will be made as necessary.

d. In coordination with non-HHS organizations, CCHQ will only deploy officers assigned to non-HHS organizations in accordance with the MOA/MOU between the Corps and the non-HHS organization.

6-4. General Orders. During any deployment or response operations, all officers are required to observe and promptly obey the lawful orders of all official superiors in the deployment’s chain of command. Further, all officers are expected to conduct themselves in a competent and professional manner at all times when deployed away from their assigned duty station.

a. Official superiors during a deployment will be defined by the SG (or his/her designee).

b. While on deployment orders, officers are not required to report to their home duty station leadership and cannot be in any leave status while deployed.

c. The SG (or his/her designee) will establish General Orders and conduct requirements for deployment and response operations.

6-5. Failure to Comply with Orders.

a. Officers who fail to comply with any General Order issued by the SG (or his/her designee), to respond to an urgent or emergency public health care need may be subject to disciplinary action, including separation from active duty or termination of the officer’s commission, in accordance with CCD 111.02, “Disciplinary Action,” CCD 123.01, “Involuntary Separation,” CCD 124.01, “Retirement,” CCI 382.03, “Involuntary Termination,” and CCI 385.01, “Involuntary Retirement.”
