A pharmacist who is serving a license limited tour may submit an AB contract within 60 days of the pharmacist’s CAD with the provision that the contract will not be placed into effect by HHS, nor will payment of the AB be made until the pharmacist holds and submits to DCP a license as defined in CC26.1-I4. If and when the contract is accepted by HHS following licensure, the effective date of the contract will be the date of the officer’s CAD.

2. Limitations on Eligibility. A person is not eligible for an AB if:

a. The individual has previously been paid an AB by HHS;

b. The individual has been CAD as an inter-service transfer or served on extended active duty in another Uniformed Service within the past 24 months;

4. **Voluntary Termination of AB Contract**

A pharmacist who voluntarily terminates his or her service on active duty shall be required to repay a pro rata portion of the AB. In addition, the pharmacist and his or her dependents shall be divested of entitlements for travel and transportation allowances, shipment of household goods, and transfer of, use of, and payment for unused annual leave. Officers separating prior to the end of the contract shall have their commission terminated.

5. **Involuntary Termination of AB Contract**

a. **Professional Qualifications.** A pharmacist who receives an AB and who fails to remain licensed as a pharmacist during the contract period for which the payment is made will be required to refund the full amount of the AB payment.

The officer will be required to repay a pro rata portion of the payment.

c. **Leave Without Pay (LWOP) Status.** An officer who enters LWOP status will have his or her contract terminated as of the effective date of the LWOP. An officer whose AB contract is terminated under this provision will be required to repay a pro rata portion of the payment received.

An officer whose AB contract is terminated under this provision will not be required to repay a pro rata portion of the payment, provided that the disability is not the result of misconduct or willful neglect and not incurred during a period of unauthorized absence. An officer eligible for an AB contract, who is considering applying for a disability retirement, may sign an AB contract since there is no assurance that the disability retirement will be approved.
f. **Involuntary Separation/Retirement for Convenience of the Government.** An officer who is released from active duty or retired because of a reduction in strength, numbers limitation, or other reasons for the convenience of the Government, while serving under an AB contract, will have his or her contract automatically terminated as of the date of the officer's separation or retirement. There will be no repayments of any bonus payments already received. This does not apply to those officers who are involuntarily separated due to unacceptable performance.

g. **Death.** In the event an officer dies while serving under an AB contract, the contract is automatically terminated as of the date of the officer's death. No repayment of the AB is required for amounts previously received by the officer, so long as, the death is not the result of misconduct or willful neglect, and is not incurred during a period of unauthorized absence.

6. **Absent Without Leave (AWOL).** Any period during which an officer is determined to be in an AWOL status will not be credited toward the fulfillment of an active-duty obligation incurred pursuant to an AB contract, and will serve to extend the period of active duty required by the contract.
