

POM 821.70
EFFECTIVE DATE: 18 January 2019

By Order of the Surgeon General of the U.S. Public Health Service:

Jerome M. Adams, MD, MPH

TO: All Officers on Extended Active Duty

SUBJECT: HPSP Submission, Effective Dates, and Subspecialty Rates

1. This Personnel Operations Memorandum (POM) sets forth the procedures that an officer and the Operating Division (OPDIV), Staff Division (STAFFDIV), or non-Health and Human Services (HHS) organization to which the officer is assigned must follow in submitting a Health Professions Special Pays (HPSP) agreement. This POM also establishes the criteria used by the Division of Commissioned Personnel and Readiness (DCCPR) in setting the effective date of an HPSP agreement. This POM is issued in accordance with [CCI 633.01](#), "Special Pays."
2. Submitting Agreements.
 - a. An HPSP agreement is a pdf document and is submitted electronically using the officer's official e-mail account that is assigned to him/her by the OPDIV/STAFFDIV/non-HHS organization to which the officer is assigned or a secure portal available for such purposes within the OPDIV/STAFFDIV/non-HHS organization.
 - b. Agreements submitted via e-mail should be password protected for security purposes.
 - c. Officer. The officer electronically submits the HPSP agreement to his/her immediate supervisor.
 - (1) The officer digitally signs the agreement using his/her DoD issued Common Access Card (CAC) or a Personal Identity Verification (PIV) card that is issued by the OPDIV/STAFFDIV/non-HHS Federal organization to which the officer is assigned.
 - (2) The officer may include a copy of this POM in his/her submission to the supervisor.
 - d. Supervisor. After signing the agreement using his/her CAC or PIV, the supervisor returns the HPSP agreement to the officer. If the supervisor believes that the officer is ineligible for the HPSP or recommends against payment of HPSP, the

- supervisor must contact the OPDIV/STAFFDIV/non-HHS organization's [Corps Liaison](#) for guidance.
- e. Officer. Upon receipt of the HPSP agreement with the supervisor's signature, the officer electronically submits the agreement to his/her Corps Liaison in accordance with guidance provided by the Corps Liaison.
 - f. Corps Liaison. The Corps Liaison will:
 - (1) Ensure that the OPDIV/STAFFDIV/non-HHS organization's budget official/certifying official electronically signs the agreement.
 - (2) Electronically submit the agreement to DCCPR in accordance with guidance provided by the Director, DCCPR, or his/her designee.
 - (3) Contact DCCPR for guidance if the OPDIV/STAFFDIV/non-HHS organization believes that the officer is ineligible for the HPSP or recommends against payment of HPSP.
 - g. If authorized by the OPDIV/STAFFDIV/non-HHS organization, in lieu of a digital signature and/or electronic processing within the OPDIV/STAFFDIV/non-HHS organization, hand-written signatures may be used on the agreement and/or a hard-copy of the agreement may be transmitted; however, the final agreement must be in pdf format and electronically submitted to DCCPR by the Corps Liaison in accordance with this Section.
3. Effective Date of HPSP Agreement. Effective immediately, no agreements may be made with a 2018 effective date. The effective date of an agreement is determined as follows:
- a. Initial Agreement.
 - (1) The date the officer becomes eligible for HPSP provided the completed agreement is signed within 30 days of becoming eligible and the agreement is received by DCCPR within 60 days of becoming eligible;
 - (2) The date the completed agreement is signed if received by DCCPR within 60 days of the date of becoming initially eligible for HPSP but signed more than 30 days after becoming initially eligible;
 - (3) The date the completed agreement is received by DCCPR, if received more than 60 days after the date of becoming initially eligible; or
 - (4) A later date as specified by the officer in the HPSP agreement.
 - b. Subsequent Agreement. The effective date of an officer's second or subsequent HPSP agreement will be one of the following dates:
 - (1) The day after the previous HPSP agreement expires provided the new agreement is received by DCCPR within 60 days after the date the previous agreement expires provided the new agreement is signed on or before the day the previous agreement expires;
 - (2) The date the new HPSP agreement is signed if the new agreement is received by DCCPR within 60 days after the date the previous agreement expires but the new agreement is signed after the previous agreement expires;

- (3) The date the new HPSP agreement is received by DCCPR if the new agreement is not received within 60 days of the date the previous agreement expired; or
 - (4) A later date as specified by the officer in the new HPSP agreement.
 - c. Agreements for an Accession Bonus (AB) or Critical Short Wartime Specialty Accession Bonus (CWS-AB) will not be accepted by DCCPR if received by DCCPR more than 120 days after the officer's call to active duty. Officers called to active duty prior to 1 January 2019 are not eligible for AB or CWS-AB.
 4. Payment of a HPSP will typically commence within 90 days after receipt of the completed agreement in DCCPR or within 90 days after DCCPR receives all necessary supporting documentation.
 - a. Agreements that are missing signatures or are not submitted to DCCPR in accordance with this POM are not considered complete and will be returned to the officer's Corps Liaison.
 - b. Agreements that are missing supporting documentation may be held in DCCPR pending receipt of the documentation.
 5. If an officer does not meet the eligibility criteria for the requested HPSP and payment is denied, DCCPR will notify the officer and/or the officer's Corps Liaison of the officer's ineligibility.
 6. Should an officer transfer to another assignment while serving a Retention Bonus (RB) Active Duty Obligation (ADO), the losing program's budget officer may work with the gaining program's budget officer to determine appropriate payment responsibility and whether reimbursement will be made to the losing program's budget. Such reimbursements are between the respective programs and are not determined by or made through the Corps' payroll system.
 7. Medical Subspecialty Rates. The Appendix of this POM clarifies the specific medical subspecialties for which HPSP is available along with the subspecialties that fall within the Subspecialty Categories (i.e., I, II, III, IV, or V) indicated in Appendix B of CCI 633.01.
 8. The Director, DCCPR, may provide further guidance regarding submission of agreements.
 9. This POM is effective on 1 January 2019 and will remain in effect until rescinded.
