

JUNIOR OFFICER ADVISORY GROUP

2015-2016 Voting Membership Biographies

LCDR David T. Huang
Voting Membership 2014-2016
Executive Committee: Financial Liaison

I currently serve as an at-large JOAG Voting Member, JOAG Financial Liaison, and Executive Committee (EC) liaison to the new Outreach Committee. Previously, I served for two years as Lead of the Welcoming Committee's OBC Subcommittee and one year as Co-Chair of the Welcoming Committee as a JOAG Voting Member.

I am a Scientist Officer working as an epidemiologist for the CDC's National Center for Health Statistics in Hyattsville, Maryland, where I have been stationed since commissioning in 2011. As Chief of the Health Promotion Statistics Branch, I direct a team of epidemiologists, statisticians, programmers, and support staff that provides primary statistical and data support for Healthy People 2020, the nation's disease prevention and health promotion agenda.

My education includes a Ph.D. in industrial engineering from the Health Systems Institute at the Georgia Institute of Technology, an M.P.H. in quantitative methods from the Harvard T. H. Chan School of Public Health, an M.S. in operations research from Georgia Tech, and a B.S.E. in electrical engineering from Duke University. In addition, I am a member of the charter (2008) class of Certified in Public Health (C.P.H.) professionals.

I am honored and humbled to have this opportunity to serve and represent junior officers, and I look forward to a great year!
