CV Summary Sheet

Precept #1: Performance

PHS / USCG Honors/Awards (partial listing)

Field Medical Readiness Badge, USPHS (2007)

Commissioned Corps Training Ribbon, USPHS (2006)

Presidential Unit Citation, USCG (2006)

Global War on Terrorism Service Medal, USCG (2005)

Meritorious Team Commendation Ribbon, USCG (2005, 2006)

Commissioned Officers Association Ribbon, COA of the USPHS (2006)

Non-PHS Honors/Awards (partial listing)

Meritorious Service Medal, US Air Force (2003, 2000)

Achievement Medal, US Air Force (2004, 1999)

Armed Forces Expeditionary Medal, US Air Force (2001)

Air Force Health Professions Scholarship (1989-1993)

Precept #2: Education, Training, and Professional Development

In-progress: Master of Public Health (est. completion: Dec 2009)

Family Practice Residency July 1996

Doctor of Medicine May 1993

Bachelor of Science May 1989

License: Physician, State of Exp.

Diplomate, American Board of Family Practice (since 1997)

Continuing Medical Education: 51.5 hours in 2007

Maintain current ATLS, ACLS, and BLS certifications

Addictions Orientation for Health Care Providers course May 2006

USAF Aerospace Medicine Primary course April 1999

Professional Military Education:

Air Force Air Command and Staff College (correspondence): September 2002

Air Force Squadron Officer School (correspondence): December 1998

Precept #3: Career Progression and Potential

Current assignment:

US Public Health Service, detailed to US Coast Guard:

Senior Medical Officer (O-5 billet, supervisory), USCG Clinic Sector Detroit,

[Redacted] Michigan: August 2004 to Present

Deployment, voluntary, to USNS Comfort humanitarian mission, PHS Team #3:

11 Aug – 13 Sept 2007

Previous assignments:

US Air Force (active duty):

Staff flight surgeon (O-4), 377 AMDS, Kirtland AFB, New Mexico: July 2003 to July 2004

Flight Commander (O-4, supervisory), Flight Medicine Flight, 48 AMDS, RAF Lakenheath, England: August 2002 to July 2003

Officer-In-Charge (O-4, supervisory), Flight Medicine Clinic at RAF Mildenhall (48 AMDS, RAF Lakenheath), England: August 2000 to August 2002

*Flight Commander (O-4, supervisory), Flight Medicine Flight, 51 AMDS, Osan

Date

Rank Name

PHS# , Medical Officer

AB, Korea: August 1999 to August 2000 (*unaccompanied tour)
Staff family physician (O-3), 35 MDOS, Misawa AB, Japan: August 1996 to August 1999

Precept #4: Professional Contributions and Service to the Commissioned Corps

Publication: "Comfort Diary" published in USAFP Fall 2007 Newsletter

Committees:

Participant, PPAC Career Development and Training subcommittee
Participant, PPAC Inter-service Transfer subcommittee
Participant, PPAC open teleconferences

Recruitment: Informal recruitment activities

Mentoring: Volunteer on PPAC's mentor list

BOTC / IOTC: Completed; CC Training Ribbon awarded April 2006

Assimilation into Regular Corps: Applied

Daily wear of uniform: Wore uniform daily

Professional associations:

Member, Commissioned Officers Association of the USPHS
Member, USAFP branch of American Academy of Family Practice
Diplomate, American Board of Family Practice

Precept #5: Response Readiness

CCRF Readiness Status: "Basic Qualified;"

Awarded Field Medical Readiness Badge (Oct 2007)

Readiness training:

USPHS-sponsored biological defense training symposium (June 2007, part of PHS annual conference)
OFRD training modules: Completed all available core, clinical and optional
FEMA training modules: Completed required ICS, NIMS, and NRP
C-STARS (Air Force Coalition for Sustainment of Trauma and Readiness Skills),
University of Maryland Shock Trauma Center, Baltimore, MD:
January (whole month) 2002
Global Medicine course, Brooks AFB, Texas: January 2001
Expeditionary Medicine course, Brooks AFB, Texas: January 2001
Medical Management of Chemical and Biological Casualties Course, Osan AB,
Korea: Sept 1999

Deployment History:

USNS Comfort humanitarian mission to S. America, USPHS Team #3:
11 Aug – 13 Sept 2007

Field deployment medical experience, all with US Air Force:

Medical Readiness / Training Exercise to La Paz, Bolivia:
January 17-31, 2004

Joint Task Force WARRIOR: February to March 2003

Operation ENDURING FREEDOM: July to September 2002

Operation SOUTHERN WATCH: February to June 2001

- Armed Forces Expeditionary Medal, US Air Force, 2001: For service at Prince Sultan Air Base, Saudi Arabia, in support of Operation SOUTHERN WATCH.
- Korean Service Medal, US Air Force, 2000: For active service in Korean theater of operations.

Date

Rank Name

PHS# , Medical Officer

National Defense Service Medal (2002): For active service on/after 9/11/2001.

Overseas Short Tour Ribbon, US Air Force, 2000: Osan AB, Korea, 1999-2000 (unaccompanied).

Overseas Long Tour Ribbon, US Air Force, 2003: RAF Lakenheath, UK, 2000-2003.

Overseas Long Tour Ribbon, US Air Force, 1999: Misawa AB, Japan, 1996-1999.

Air Force Health Professions Scholarship: Competitive full-expense scholarship for all four years of medical school, 1989-1993.

Precept #2: Education, Training, and Professional Development

Master of Public Health [coursework in-progress], Benedictine University [on-line department], Lisle, Illinois: estimated completion date, December 2009.

Residency in Family Practice, Grand Rapids Family Practice Residency, Grand Rapids, Michigan: July 1996.

Doctor of Medicine, Wayne State University School of Medicine, Detroit, Michigan: June 1993;

Air Force Health Professions Scholarship Program participant.

Bachelor of Science, Hillsdale College, Hillsdale, Michigan: May 1989.

Diplomate, American Board of Family Practice (initial certification 1997).

License: Physician, State of [redacted]; Exp. [date redacted]

Continuing Medical Education: 51.5 Category I hours in 2007.

Maintain current certifications for ATLS (Advanced Trauma Life Support), ACLS (Advanced Cardiac Life Support), and BLS (Basic Life Support).

Addictions Orientation for Health Care Providers course (AOHCP), sponsored by Substance Abuse Rehabilitation Program (SARP), Naval Hospital Great Lakes, Chicago 15-19 May 2006: Intensive 40-hour program of didactics and practical / clinical experience leading to certification to do screenings for drug/alcohol abuse or dependence in AD military personnel.

USAF Aerospace Medicine Primary course, USAF School of Aerospace Medicine, Brooks AFB, TX, March-April 1999: Intensive 6-week program of didactics and clinical experience designed to teach students to understand flight and space physiology, how the aerospace environment affects human performance, how to investigate aircraft mishaps, and how to make duty status determinations as regards aviation personnel; course also included one week of basic SERE (survival, evasion, rescue, escape) training. Successful completion of course led to designation as a USAF Flight Surgeon.

Professional Military Education:

--Air Force Air Command and Staff College, 40-week correspondence program, September 2002: Didactic and exercise-based program, with objective tests and submitted material (written paper and computer-based exercise), designed to teach characteristics and skills of command for senior officers working within the joint-service operational environment

--Air Force Squadron Officer School, 40-week correspondence program, December 1998: Didactic program, with objective tests, designed to re-enforce and expand basic officer / leadership theory and skills.

Precept #3: Career Progression and Potential

Current assignment:

Date

Rank Name

PHS# , Medical Officer

US Public Health Service, detailed to US Coast Guard:

--Senior Medical Officer (CO-5 billet, supervisory), USCG Clinic Sector [city redacted], [duty station redacted], August 2004 to Present:

-Responsibilities

--Sole physician to oversee medical readiness and clinical operations for Sector [city redacted], including 600 active duty personnel working from 10 small boat stations, one air station, two Marine Safety Offices, one deployable Port Security Unit, and three cutters, all spread over 300 miles of Great Lakes coastline;

--Military consultant for medical “fitness” for all AOR personnel, approx. 1200 AD/reserve across entire eastern Great Lakes;

--Operational flight surgeon for Air Station [city redacted], providing clinical care, duty status determinations, and medical and safety briefings, and flying regularly with unit (HH-65);

--Consulting medical officer for duty status determinations; provide medical case summaries and recommendations for medical evaluation boards;

--Designated Medical Officer Advisor (DMOA) for four independent duty health services technicians (IDHS’s) who provide medical care to different geographically separated units and cutter crews; provide medical oversight and advice, and quality assurance through record reviews and site visits;

--Mentor and preceptor to health services technicians (HS’s) who provide direct patient care in the clinic;

--On-call flight surgeon for medical evacuation consultation for Coast Guard District [# redacted] ([region redacted]).

- Notable activities or achievements

--lead clinic in achieving 3-year MLC certification after first-ever inspection (max possible);

--championed, secured, and effected move of USCG clinic into brand new JMTF (Joint Medical Training Facility) built by Air National Guard aboard Selfridge ANG Base: crafted request for inter-service agreement and facilitated its adoption; secured designation of USCG-exclusive areas, efficiently using purpose-built space that would otherwise go empty; completely outfitted new clinical and admin areas—guaranteed ability to meet clinical and preventative needs for all in Sector AOR;

--initiated collaborative effort with local [city/station redacted] ANG medical command to augment flight medicine support for base’s 2004 and 2007 regional air shows—3-days of flying with 150K+ spectators attending.

--Deployment, voluntary, to USNS Comfort humanitarian mission to South America, PHS Team #3, 11 Aug – 13 Sept 2007: see “Precept #5: Response Readiness,” below.

Previous assignments:

Date

Rank Name

PHS# , Medical Officer

US Air Force (active duty):

--Staff flight surgeon (O-4), 377 AMDS, Kirtland AFB, New Mexico, July 2003 to July 2004:

-Responsibilities

--Provided acute and routine care to approx. 1500 active duty Air Force flyers and their families;

--Medical team leader for rapid response to local disaster contingencies and aircraft mishap response and investigations;

--Conducted periodic inspections of flying squadron life support shops and on-base food facilities.

-Notable activities or achievements

--Deployed as part of Medical Readiness / Training Exercise to La Paz, Bolivia, January 17-31, 2004 (see Deployment History section of Precept #5, below).

--Flight Commander (O-4, supervisory), Flight Medicine Flight, 48 AMDS, RAF Lakenheath, England, August 2002 to July 2003:

-Responsibilities

--Lead/mentored 11 officers, 14 enlisted, and 2 civilians in Flight Medicine (FM) flight;

--Oversaw and delivered adult and pediatric medical care for 1067 flying and special duty personnel and 854 family members in 2 clinics;

--Supervised FM and deployment support for 5 squadron medical elements (SME's: one flight surgeon and 2 medical technicians assigned directly to and responsible for a flying squadron);

--Oversaw flight surgeon non-clinical activities, including life support, sanitation, occupational and flight line inspections for over 300 facilities on 2 bases;

--Medical team leader for rapid response to local disaster contingencies and aircraft mishap response and investigations;

--Additional duties: Chief of deployable Preventive Aerospace Medicine team; co-chair of Occupational Medicine Working Group; member of the Executive Committee of the Medical Staff.

-Notable activities or achievements

--Revised procedures for non-clinical FM activities, wrote instruction: robust program exceeded inspection standards;

--Instituted comprehensive FM education and training schedule: annual cycle guaranteed all areas covered;

--Mandated continuity binder for 45 FM programs: guaranteed smooth transition and seamless customer service

--Deployed as part of Joint Task Force WARRIOR, February to March 2003 (see Deployment History section of Precept #5, below);

--Deployed as part of Operation ENDURING FREEDOM, July to September 2002 (see Deployment History section of Precept #5, below).

Date

Rank Name

PHS# , Medical Officer

--Officer-In-Charge (O-4, supervisory), Flight Medicine Clinic at RAF Mildenhall

(48 AMDS, RAF Lakenheath), England, August 2000 to August 2002:

-Responsibilities

--Managed stand-alone clinic providing acute and routine care to 850 flying and special duty personnel and their families;

--Directly supervised three physicians and five medical technicians, and coordinated care with 14 special operations medical personnel

--Additional duty: medical representative to base commander's Battlestaff.

-Notable activities or achievements

--Directed implementation of DoD-wide Post-Deployment Health clinical practice guideline affecting 35,000 beneficiaries over all of UK;

--Medical officer for two aircraft mishap investigation boards;

--Deployed as part of Operation SOUTHERN WATCH, February to June 2001 (see Deployment History section of Precept #5, below).

--Flight Commander (O-4, supervisory), Flight Medicine Flight, 51 AMDS, Osan AB, Korea, August 1999 to August 2000 (unaccompanied tour):

-Responsibilities

--Managed FM office, directly supervising ten enlisted and three SME physicians;

--Medical liaison to public health and bioenvironmental engineering flights;

--Chief of Response team: oversaw training and execution of initial medical responses to peacetime and wartime disasters/contingencies;

--Flew regularly as F-16 crew.

-Notable activities or achievements

--Acting squadron commander in absence of incumbent;

--Response team drew "Excellent" ratings during Combat Employment Readiness Exercises.

--Staff family physician (O-3), 35 MDOS, Misawa AB, Japan, August 1996 to August 1999:

-Responsibilities

--Provided full-spectrum family practice for over 800 personally empanelled active duty members and their families, including acute and routine adult, pediatric, and obstetric care; averaged one to two obstetric deliveries per month over two years;

--Medical director of Emergency Services and ER physician for one year;

--Allergist "extender": performed evaluations and oversaw skin testing / immunotherapy for patients suffering from seasonal or other allergies; medical supervisor of immunizations clinic.

-Additional duties

Date

Rank Name

PHS# , Medical Officer

- Chief of disaster Triage team: supervised/provided on-going training and functional direction to triage function during disaster / contingency response;
- Base medical director of "Gulf War" illness evaluation program;
- Clinical preceptor for physician assistant.

Precept #4: Professional Contributions and Service to the Commissioned Corps

Publication: "Comfort Diary" published in USAFP Fall 2007 Newsletter [available: <http://www.usafp.org/newsletter.htm>]. Article describes the humanitarian mission aboard USNS Comfort and its personal impact from provider perspective—published not only in USAFP newsletter, which has distribution hardcopy to members and on the internet to all DoD family physicians, but also in hometown newspaper.

Committees:

- Participant on PPAC Career Development and Training subcommittee
- Participant on PPAC Inter-service Transfer subcommittee
- Participant in PPAC open teleconferences.

Recruitment: Associate Recruiter program initial training completed; Informal recruitment activities, including discussing / promoting CC to physician acquaintances.

Mentoring: Volunteer on PPAC's mentor list, especially for those interested in inter-service transfer issues.

BOTC / IOTC: Completed; CC Training Ribbon awarded April 2006.

Assimilation into Regular Corps: Applied.

Daily wear of uniform: Wore uniform daily, with care and pride .

Professional associations:

- Member, Commissioned Officers Association of the USPHS, since 2006
- Member, Uniformed Services Academy of Family Practice (USAFP) branch of the American Academy of Family Practice
- Diplomate, American Board of Family Practice, since 1997.

Precept #5: Response Readiness

CCRF Readiness Status: "Basic Qualified"

Awarded USPHS Field Medical Readiness Badge.

Readiness training:

- USPHS-sponsored biological defense training symposium (June 2007, part of PHS annual conference)
- OFRD on-line training modules: Completed all available "core," "clinical," and "optional" courses (Sept 2006)
- FEMA on-line training modules: Completed Emergency Management Institute's courses "Incident Command System," "National Response Plan," and "National Incident Response System"
- C-STARS (Air Force Coalition for Sustainment of Trauma and Readiness Skills), University of Maryland Shock Trauma Center, Baltimore, MD, January 2002: Intensive month-long "immersion" into trauma medicine, fully participating as a "surgical resident" on trauma team at very busy academic center,

Date

Rank Name

PHS# , Medical Officer

taking rotating call and performing initial evaluations as well as following inpatients through the course of their hospitalization

--Global Medicine course, Brooks AFB, Texas, 22 Jan-2 Feb 2001: Didactic course covering broad range of tropical, wilderness, and preventative medicine topics

--Expeditionary Medicine course, Brooks AFB, Texas, 7-12 Jan 2001: Intensive one week of didactic and field training using deployable medical system in austere "deployed" environment; "C-4" course equivalent

--Medical Management of Chemical and Biological Casualties Course, Osan AB, Korea: 10-12 Sep 1999: Intensive three-day didactic course conducted under auspices of U.S. Army Medical Command (course #6H-F26).

Deployment History:

--Voluntary deployment to USNS Comfort during humanitarian mission to South America and the Caribbean, PHS Team #3, 11 Aug – 13 Sept 2007: Physician member of 17-officer PHS team, integrated into joint DoD, DHS, DHHS, and civilian crew, that joined Comfort for medical operations in Ecuador, Colombia, and Haiti. Provided direct acute and preventative care to indigent populations of children and adults under austere conditions; approx. 3000 total patient contacts in the medicine section alone in each country. Provided acute care to crew of over 700 people aboard ship, as well as emergency response services.

(Field deployment medical experience, all with US Air Force)

--Medical Readiness / Training Exercise to La Paz, Bolivia, January 17-31, 2004: Member of 14-person humanitarian team that provided acute and preventive care to 6113 indigenous patients at austere facility; directly contributed as family practitioner to group total of 2736 "family medicine" (adult and pediatric) encounters

-- Joint Task Force WARRIOR, February to March 2003: Sole medical member to "collect" and medically screen 26 Iraqi freedom fighters from various countries over western Europe for direct participation in Operation IRAQI FREEDOM

-- Operation ENDURING FREEDOM, July to September 2002: Deployed to Ganci AB, Kyrgyzstan, as deputy commander of 376th Expeditionary Medical Group; formulated and formalized disaster-response command/control structures involving 25 American and 13 pan-European Coalition medical forces

-- Operation SOUTHERN WATCH, February to June 2001: Deployed to Prince Sultan AB, Saudi Arabia; provided flight medicine as well as acute care to war fighters enforcing no-fly zone over southern Iraq; member of disaster first response team; flew combat support missions over Saudi Arabia.
